SUBJECT: Site #18 - Gary, Indiana (EPA ID#IND980500565)

Ecology and Environment, Inc. (FIT) has been tasked by Technical Directive Document (F05-8704-021) to conduct a site inspection at Site #18. The location of this site is unknown to us. File information locates this site at two different locations which were tasked previously for inspection: Ninth Avenue Dump/Red Top (EPA ID#IND980079849), Site #95 (EPA ID#IND980500151).

Since FIT cannot determine the site location, I recommend this Technical Directive Document be closed. If further information is required, do not hesitate to contact me.
